

## MEDIA RELEASE - 19 June 2009

### Cessna Guaranteed 100% Buy-Back Offer **EXTENDED**

#### Own a Cessna Citation Jet with No Risk and No Worries

Aeromil Pacific, the exclusive Authorised Sales Representative (ASR) for the Cessna Citation range of jets in Australia and New Zealand, is pleased to announce the extension of the "No Worries" pre-owned Cessna Citation sales program. Due to the interest generated and success of the campaign, the "No Worries" program has been **extended until 31 December 2009**.

This innovative program will enable prospective aircraft owners to purchase a pre-owned aircraft through Aeromil Pacific from Cessna with no risk and "No Worries" about the future value of the aircraft. Customers who purchase an eligible pre-owned Citation will be guaranteed a purchase price buy-back of up to 100% with no strings attached and no questions asked.

- Option 1 – At any time within 12 months of aircraft delivery, the purchaser may resell the aircraft to Cessna for 80% of the aircraft purchase price or use this value to purchase a new Cessna Citation of greater value.
- Option 2 – During months 13-24 of aircraft delivery, the purchaser may resell the aircraft to Cessna for 100% of the aircraft purchase price or use this value to purchase a new Cessna Citation of greater value.

The risk free program not only offers a guaranteed buy-back price, but also "No Worries" about the choice of aircraft as the pre-owned Citation is purchased from Cessna, the very company that built it. The specially-selected Cessna inventory is re-furnished and meticulously inspected before resale to meet strict standards, and, in Australia, maintained by Aeromil Pacific, the Authorised Cessna Citation Service Centre.

Aeromil Pacific Executive Chairman, Steve Padgett said, "The "No Worries" campaign is a statement about confidence in the market and the Cessna product. It provides an excellent opportunity for our customers to purchase an aircraft whilst having peace of mind about the future value of their investment. The "No Worries" campaign, together with the strong Australian dollar and Government tax allowance for new aircraft purchases means there has never been a better time to buy a Cessna."
